## SGN Financial Pty Ltd

### Legal Notice - 'Lack of Independence'

The financial services laws say you cannot call yourself independent (or similar words) if, among other things, you receive commissions that aren't rebated in full to your clients. Because, in some circumstances, we are paid commissions (which are built into the cost of the product and are not an additional cost to you) where we recommend and implement insurance products and because entities associated with the licensee are paid fees for the investment management services relating to managing the Navegar managed accounts based on a percentage of the amount of funds in those accounts we are required to provide this notice to you and are not able to refer to ourselves as independent.

We are partially owned by an entity in the Ironbark Asset Management group of companies. Ironbark issues a range of financial products that we may recommend in respect of the provision of financial services to our clients.

When providing personal advice, we'll only recommend a product if we're satisfied it is in your best interests, and it is appropriate for you. In doing so, we'll conduct a reasonable investigation into products, depending on your personal circumstances, which may include investigating and recommending products which are not on our APL.

## The financial advice process

We recognise that the objectives and personal circumstances of each client are different. What is right for one client may not be right for another.

Where we provide personal advice, we will listen to you to understand your objectives and circumstances. We will also ask questions to make sure we address all issues.

When we first provide personal advice to you it will be explained thoroughly and documented in a Statement of Advice (SoA) which you can take away and read.

The SoA will explain the basis for our advice, the main risks associated with the advice, the cost to you of implementing the advice, the benefits we receive and any conflicts of interest which may influence the advice.

For financial products we will provide you with a Product Disclosure Statement. This contains information to help you understand the product being recommended.

At all times you are able to contact us and ask questions about our advice and the products we have recommended.

You can provide instructions to us in writing, via phone or via email/fax.

We may provide further advice to you to keep your plan up to date for changes in your circumstances, changes in the law and changes in the economy and products.

If we provide further advice, it will typically be documented in a Record of Advice which we retain on file. You can request a copy of the RoA document at any time up to 7 years after the advice is provided.

## Fees

All fees are payable to SGN Financial Pty Ltd. The fees received by SGN Financial Pty Ltd are forwarded through to Astute Private Wealth Pty Ltd trading as Signate Private Wealth after deduction of an amount to cover Licensee expenses.

### Annual Engagement

We may offer an annual engagement, where we price our advice and services based on an agreed scope of work for that service period. We provide a Letter of Engagement to reflect this agreement which outlines our agreed scope of works and where identify the advice needs on an annual basis.

We charge an annual fee to project manage the advice and services agreed to. Our service terminates annually, and a new annual agreement is determined by both parties each year.

### Plan Preparation Fee

The Plan Preparation fee includes all meetings with you, the time we take to determine our advice and the production of the SoA.

The Plan Preparation Fee is based on the scope and complexity of advice provided to you. We will agree the fee with you at our first meeting.

## Plan Implementation Fee

If you decide to proceed with our advice, we may charge a fee for the time we spend assisting you with the implementation. We will let you know what the fee will be in the SOA.

## We may also offer Ongoing Services Fees

We may also provide you with ongoing advice services. For any such services an Ongoing Fee Arrangement may be put in place. Ongoing fees will depend on what ongoing service we provide to you. Ongoing Service fees are typically a percentage of your portfolio value, an agreed fixed fee which is paid monthly or a percentage of the transaction value.

Your adviser will discuss these various fee arrangements with you.

The services and fees will be set out in the SoA or RoA that we provide to you as well as the ongoing services agreement.

## Commissions

We may receive commissions and other benefits from some product and service providers.

The commission will vary depending on the product or service recommended. You will be advised of the exact amount in the SoA or RoA.

### Insurance Commissions

If we recommend that you acquire a personal or business life insurance product, and you acquire that product, we will receive initial and ongoing commissions.

The initial commission is paid in the first year by the product issuer to SGN Financial Pty Ltd.

Ongoing commissions are payments paid by product issuers to SGN Financial Pty Ltd in the years after the first year.

If you initiate an increase to your cover, we may receive initial and ongoing commissions on the increase to your policy cost. The ongoing commission on a client-initiated increase is only paid in respect of the period that starts from the first anniversary of the increase.

If the initial commission is higher than the ongoing commissions, the maximum commission that we may receive is set out in the table below.

| Date a new product is issued                                                                           | Initial commission (% of annual policy cost or increase incl. GST) | Ongoing commission p.a. (% of annual policy cost or increase incl. GST) |

\*Astute Private Wealth trading as Signate Private Wealth may receive the pre-1 January 2018 commission rates above from the product issuer if:

- Your policy was issued before 1 January 2018 and you exercise an option to establish new or additional cover under your policy after 1 January; or
- Your policy was issued before 1 January 2018 and is replaced after 1 January 2018 to correct and administrative error.

Example:

You have an existing policy with us, issued in 2017, and in 2018 you decide to increase the cover on that policy with a corresponding increase in policy cost of \$100 pa. We may receive up to \$121 (121% incl. GST) as initial commission on that increase and may pass up to \$121 pa to us.

The ongoing commission payable to us in respect of this increased policy cost may be up to \$33 (33% incl. GST). Or, we recommend an insurance product to you and it is issued on 2 April 2018. The first year's insurance premium is \$10,000, the commission will generally be no more than \$8,800 (88% incl. GST).

In subsequent years with this example the commissions will be between \$0 to \$2,200 (22% incl. GST). If the initial commission is equal to the ongoing commissions (as a percentage of your policy cost), we may receive up to 35% (incl. GST) of your annual policy cost.

This percentage may differ depending on the product issuer and the individual insurance contract. This will be discussed and disclosed in writing with you before you proceed.

### **Legacy Investment Commissions**

We may receive a commission payment from some investment providers where the product was purchased prior to 1st July 2013. This will be based on your account balance and will continue to be paid for as long as you hold the investment. This fee will not usually exceed 0.05% of your account per annum. For example, if you have \$10,000 invested, we may receive a commission of up to \$50 per annum.

### **Placement Fees**

We may receive one-off placement fees where you invest in some listed investments (eg bank issued hybrids and IPO's). These will be paid by the issuer of the investment and will typically be a set percentage of the investment amount.
